

Certificate on Internship for Moritz Dittrich

July 31st, 2017

From TRANSFORM

Moritz Dittrich has been working with TRANSFORM as an intern for five months from February to June 2017.

Moritz has actively participated in our team on the following projects:

- Sohngårdsholmsvej – urban planning/housing project
- Kollegievej Aalborg – housing competition
- Boligblok B4 – housing transformation competition – 1st place
- ISS grunden – urban planning competition
- Rowhouses in Ørestad Syd – housing competition – 1st place
- Grenaa Idrætscenter – master plan sports facilities competition
- Håndværkerparken – urban planning project

Moritz has shown a talent for both conceptual thinking and actual design practice. Moritz has gained responsibilities in the project teams, and has shown both personal and professional ability to cope with substantial challenges.

Moritz is a good team mate, a fast learner, a hard worker and very liked by his teammates.

We can therefore with pleasure recommend Moritz to future employers as we believe that he will be a benefit for every project team.

Best regards

Lars Serup
Architect, office manager
