URBAN POWER // TO WHOM IT MAY CONCERN

Moritz Dittrich has been an intern at architecture studio URBAN POWER (formally known as BCVA) from 1. november 2016 till 1. february 2017.

Moritz has overall abilities to manage a wide scale of tasks in the process of architectural projects. Skills in all common software, initiative and creative approach gives him ability to solve tasks and projects successfully.

He always met tasks which we gave to him very well. Moritz is open minded and easy going which makes him a good teamplayer and a popular co-worker.

He is hardworking and has an enthusiastic approach. Thanks to his flexibility, he got familiar with the new environment very quickly to fit well into our office environment.

Moritz was working on the projects:

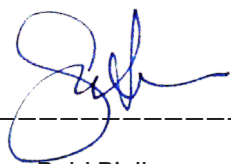

Jomfrustien, Masterplan and climate adaption, competition 1st prize

Street Mekka, Transforming of industrial hal to street sport facilities

Brøndby Strand design manual, Masterplan, design manual

Climbing hal Aalborg Sports Folk High School, Building design

27. june 2017

Sara Buhl Bjelke
CEO / architect
